Empowering innovations, inspiring careers with SVI

About SVI

SVI is on its 38th year of operations this 2024. It began with servicing the US market for which it has implemented numerous modernization programs for clients in various industries. SVI then soon began servicing the local Public Sector as well and continues to actively bid for opportunities with local government units and national agencies.

SVI has two business groups, namely, Business Services Group and Software Services Group.

Business Services Group

- Digitization
- Document Management Services
- Know Your Customer (KYC)
- Financial Back Office
- Communications-Related BPO

Software Services Group

- Maintenance and Production Support
- Software Product Development
- Application Modernization
- Development and System Integration Support

The SVI difference

Piling of paper-based documents?

Inability to retrieve data from your documents?

Unable to verify the identity of the person you're transacting with?

These are just a few of the problems that we are helping our clients to solve with the use of the correct process, technology, and people.

We accompany and guide our clients as they embark on their digital transformation journey.
